

# Portable Acrylic Sneeze Guard

SKU: ACC070

UPLIFT DESK®

## Package Contents

Guard

Feet  
(qty 2)

### Step 1

The Guard and Feet are shipped with protective film applied to each side to protect the pieces from scratches and damage. Remove the film from both sides before assembly.

### Step 2

Align the slots in the Feet with the slots in the Guard as shown. Slide the Feet onto the Guard all the way so that the bottom of the Feet are flush with the bottom of the Guard.

### Step 3

Stand the assembled Sneeze Guard upright and move to the desired location. When moving the Sneeze Guard assembly, hold onto the Feet and Guard together to keep them from coming apart.

**Cleaning:** Acrylic is a nonporous material that germs and bacteria can't penetrate so it can be cleaned easily. Soapy water with a micro-fiber type cloth is the safest and most effective method for cleaning acrylic. Avoid alcohol or ammonia based products, like Windex or other home glass cleaners, because they contain harmful chemicals that will actually damage the acrylic surface leaving it cloudy looking. Some antibacterial cleaners are safe to use, but read the label first to ensure it is safe to use on acrylic.

## ⚠ CAUTIONS & WARNINGS

⚠ **CAUTION:** Read all instructions before assembly and use. Failure to assemble properly may result in damage.
