

View Laptop Holder Adapter

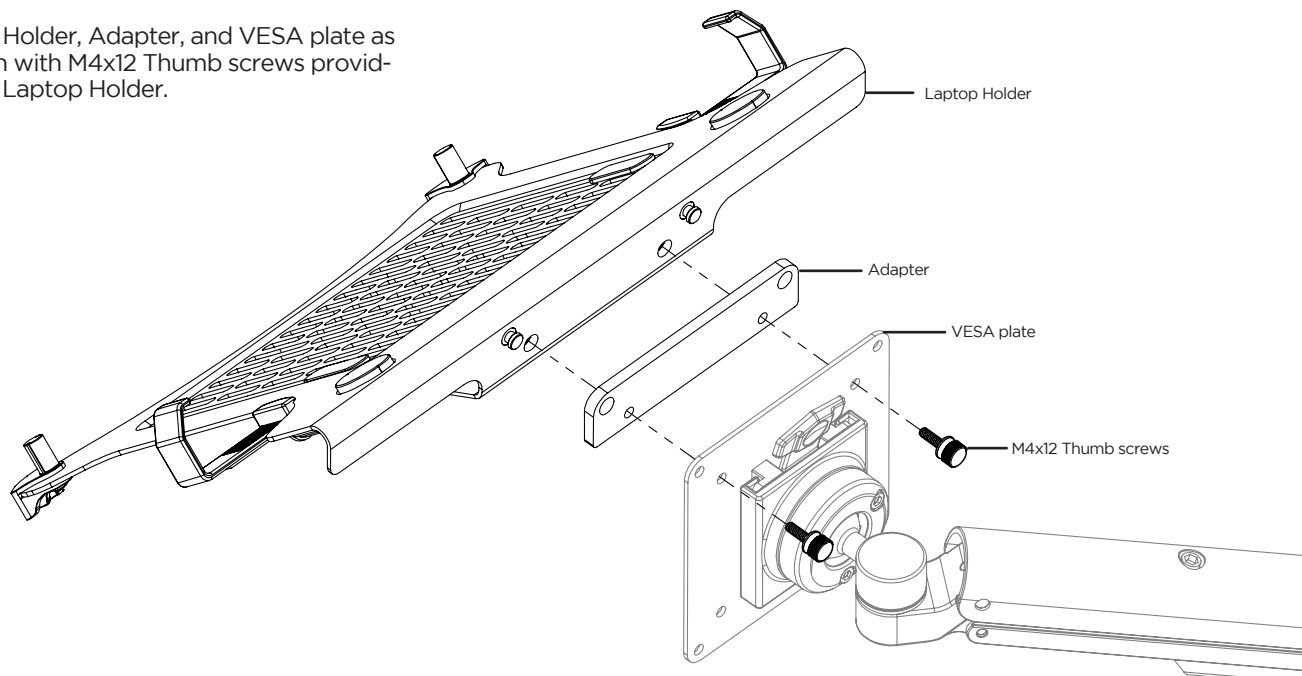

SKU: ACC306

UPLIFT DESK®

The View Laptop Holder was designed specifically for use with View Monitor Arms. If you are using a different monitor arm, you will need to use the enclosed View Laptop Holder Adapter.

Low angle configuration (ideal for laptops)

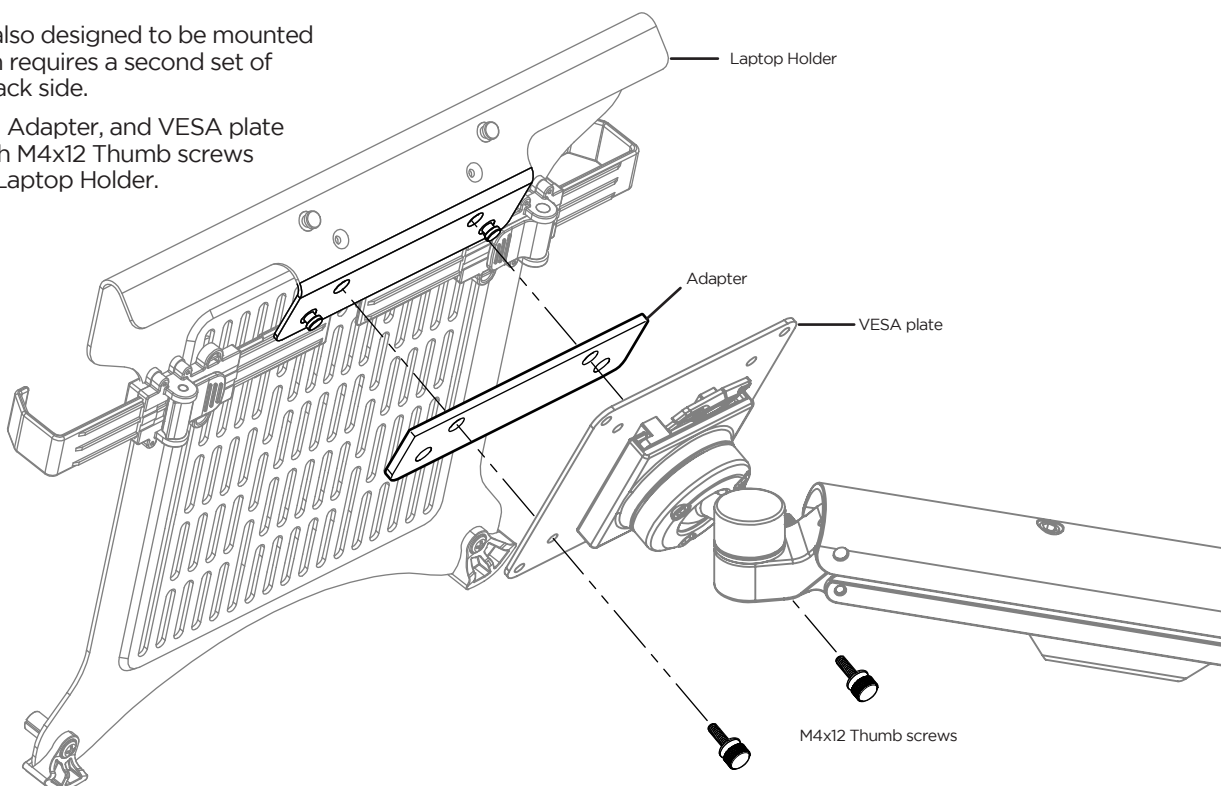

Align the Laptop Holder, Adapter, and VESA plate as shown and attach with M4x12 Thumb screws provided with the View Laptop Holder.

Steep angle configuration (ideal for tablets)

The Laptop holder was also designed to be mounted at a steeper angle, which requires a second set of pegs and holes on the back side.

Align the Laptop Holder, Adapter, and VESA plate as shown and attach with M4x12 Thumb screws provided with the View Laptop Holder.
