Package Contents

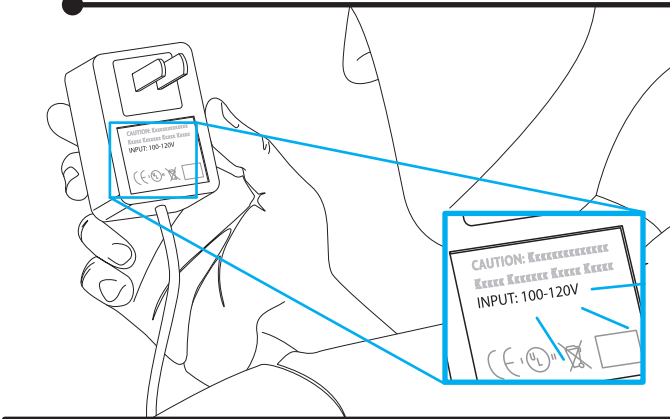

Power Tower

Step 1

- Plug into a standard 120V grounded wall or floor outlet.
- Each outlet can provide up to 12A of power load, but don't exceed 12 amps for both receptacles combined.
- Plug in any combination of up to two power cords and up to two USB A cords into the outlets located at the top of the Tower.

Technical Specs

Please ensure that the total power rating of the devices you are charging is within the power ratings below.

- Power rating: 120VAC, 12A, 50/60Hz
- Total USB A port output: DC 5V, 2.1A shared

CAUTIONS & WARNINGS

- ⚠ **CAUTION:** Read all instructions before use. Failure to assemble properly may result in damage or personal injury.
- ⚠ **CAUTION:** To avoid overheating and possible damage to this product and other equipment, do not use to power a device which exceeds the designed ratings.
- ⚠ **CAUTION:** This product must be installed and/or used in accordance with the appropriate electrical codes and regulations. Plug into a 120V grounded outlet only.
- ⚠ **WARNING:** For indoor use only. Avoid getting any liquid on the unit, as it can cause shock & fire. If unit gets wet, disconnect the power at the circuit breaker, fuse, or outlet if the outlet is dry. Ensure the unit is completely dry before connecting this product to a power source.
- ⚠ **WARNING:** Power Tower maintenance should be performed by qualified personnel only. Hazardous voltages are present inside the unit during operation. Please be sure to follow all electrical safety precautions when servicing this unit. Unit should be disconnected from all power sources prior to servicing to reduce the risk of electrical shock.
- ⚠ **WARNING:** The Power Tower needs a path to ground to work properly, and should only be plugged directly into a grounded outlet. Using any extension cord in conjunction with a Power Tower will void all warranties. All connected equipment should be plugged directly into your Power Tower.
- ⚠ **WARNING:** Trip hazard, be aware of cords that are plugged in when maneuvering around the Power Tower.
- ⚠ **CAUTION:** Keep unit away from children, pets, and sources of heat.
