PRODUCT CATALOG

Shown: African Mahogany Solid Wood Standing Desk
At UPLIFT Desk, we strive to make comfortable, well-designed, ergonomic furniture to help you do your best work. So, when we couldn’t find a perfect height adjustable desk, we decided to design our own. Since then, we’ve added desk converters, ergonomic chairs, and desk accessories to our product line. But our mission remains the same:

To help every person stay healthy, happy, and productive when they work.

Whether your work happens in a home office, a cubicle, or a C-suite, you need ergonomic office furniture that adapts to you. You need a reliable team of experts to help you piece together a work space that helps keep you and your employees healthy. You need knowledgeable professionals standing behind you every step of the way and an industry-leading warranty to back up every product.

We are that team, we’re here for you, and we’re excited to help you build the office you’ve always known you needed.
More beautiful choices for you! We offer same day shipping on more desktop material and size options than any other desk manufacturer. Our solid wood desktops are 1.75” thick.
